24"	\$.88 \$1.48	SUPPLIES AND FILE PREPARATION	
44"	\$1.56 \$2.98	ON BACK →	

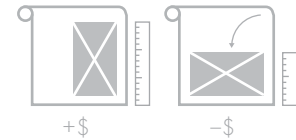

ROLL PRINTING TIPS

To determine the correct size of roll paper for your file, start with the width of your image. Make sure that the roll width is wider than your image. If it isn't, print on the next widest roll:

We CANNOT print full bleed images on roll paper. The width of your file should allow for a 1/4" margin on each side.

Because you pay for each inch of printed material off the roll, rotate images 90° when possible:

OUR POLICIES

- We ONLY print photo files (.psd, .tif, .jpg, .pdf).
- Prints can ONLY be paid for with Diamond Dollars. For free printing, visit the Tech Center
- If we are provided with incorrectly sized or formatted files, we may ask you to prepare the file correctly before printing.
- The M.O.C. DOES NOT design or trim art; for these services, visit the Graphics Media Center.
- The M.O.C. IS NOT an all-purpose lab; it is reserved for Tyler students who need to print.
- User-error will not result in reimbursement with self-service printing.

SUPPLIES

MATTE, LUSTER, & GLOSS PAPER

sheet sizes	resume	acetate	matte	luster	gloss
8.5x11"	\$.25	\$1.50	\$.30	\$.85	\$.85
