Architecture and Environmental Design Building

Arts Building

WELCOME!

At the Tyler School of Art and Architecture, we prepare students for leadership in a variety of art and design fields, including studio art, graphic and interactive design, art history and art education, architecture, landscape architecture, historic preservation, facilities management, community development and city and regional planning.

Our interdisciplinary programs foster personal reflection and discovery, equipping students with the knowledge, insight, and technical skills to shape their creative vision. Discover the vibrant and inspiring environment that awaits students at Tyler!

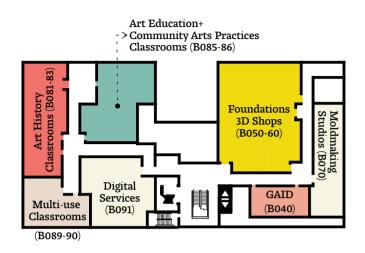

Use this map as a guide to explore Tyler's art, architecture, and environmental design spaces and to find classrooms.

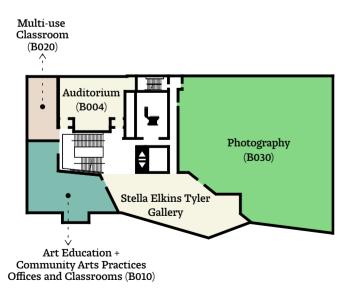

Scan this QR code to access a digital version of these maps and a detailed list of classrooms.

Designed by Alwin Thomas, Graphic & Interactive Design (BFA'24), and Rian Mueller, Architecture (BS'23).
